OFFICE OF THE MAYOR
CITY AND COUNTY OF HONOLULU
EMERGENCY ORDER NO. 2020-31
(COVID-19 [Novel Coronavirus])

HONOLULU’S COVID-19 RECOVERY FRAMEWORK:
SECOND AMENDED AND RESTATED ORDER IMPLEMENTING TIER 2

By the authority vested in me as Mayor of the City and County of Honolulu (the “City”) pursuant to Revised Charter of the City and County of Honolulu 1973 (2017 Edition), as amended; the Revised Ordinances of the City and County of Honolulu 1990, as amended; the Hawai‘i Revised Statutes, as amended (“Haw. Rev. Stat.”), the Constitution and laws of the State of Hawai‘i, I, KIRK W. CALDWELL, hereby issue this Honolulu’s COVID-19 Recovery Framework: Second Amended and Restated Order Implementing Tier 2 (the “Order”) adding Order 10 to address requirements for individuals holding limited self-quarantine exemptions issued by the State, and further address the emergency initially declared in the Proclamation COVID-19 [Novel Coronavirus] issued on March 4, 2020 through the most recent related Tenth Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) issued concurrently with this Order.

OVERVIEW

The virus that causes Coronavirus 2019 Disease ("COVID-19") is easily transmitted, especially in group settings, and it is essential that the spread of COVID-19 be slowed to protect the ability of public and private health care providers to handle the influx of new patients and to safeguard public health and safety. This Order addresses these ongoing concerns.

In the summer of 2020, the City experienced a resurgence of COVID-19 during which there was an almost tenfold increase in cumulative confirmed positive COVID-19 cases in a three-month period. Specifically, there were 973 confirmed cases as of July 15, 2020; 2053 cases as of August 3, 2020; 4212 as of August 15, 2020; and 9225 as of September 15, 2020. In early August of 2020, the City discussed with the State public health and healthcare system representatives concerns over hospital capacity. This led to orders restricting gathering sizes, closures of parks, beaches, and trails, and culminated in the City issuing a Second Stay at Home / Work from Home Order ("Second Stay at Home Order") that largely required individuals anywhere in the City to stay at home and work from home. On August 27, 2020, the Second
Stay At Home Order went into effect, and it was extended through September 24, 2020 by an amendment.

The Second Stay at Home Order was highly effective at reducing the number of positive COVID-19 cases in the City. As of September 21, 2020 there were 9765 cumulative confirmed cases for Oahu with an average of approximately 90 cases per day over the previous seven (7) days.

During the period of the Second Stay at Home Order, the City worked with experts from the public and private sector to devise a metrics-based plan for reopening (“Honolulu’s COVID-19 Reopening Framework”), while simultaneously working to improve testing, contact tracing, and quarantine/isolation capabilities. Honolulu’s COVID-19 Reopening Framework may be reviewed at https://www.oneoahu.org/reopening-strategy. The City started off in Tier 1 of the framework and remained there for four (4) weeks, as required. Over the next two weeks, the City met the criteria for moving to Tier 2.

On October 22, 2020, the City moved to Tier 2 and has remained there to date. This Order further implements Honolulu’s COVID-19 Reopening Framework by loosening some restrictions and allowing additional Designated Businesses and Operations to open, consistent with Tier 2 of the framework.

This Order builds upon the framework of the Second Stay at Home Order. Section I sets forth the “Orders” which mandate what is and what is not permitted within the City at this time. Section II provides definitions of the capitalized terms contained in the Orders and the exemptions to the Orders, including Designated Businesses and Operations, which represent the additional businesses and operations that are allowed to reopen (with modifications) under Tier 2 of Honolulu’s COVID-19 Reopening Framework. See § II.G. (below); Exhibit A (attached). Section III outlines the basis for the Order. Section IV explains the Order’s intent for interpretation purposes, and Section V contains general provisions relating to the Order’s effect on prior orders, duration, enforcement, posting, and severability of the Order.

The City is currently within Tier 2 of Honolulu’s COVID-19 Reopening Framework. This Order will become effective upon execution and will continue through February 14, 2021 unless movement to another tier is required earlier by Honolulu’s COVID-19 Reopening Framework with an order effecting that movement or, is otherwise terminated or superseded by another order or operation of law.

Pursuant to Haw. Rev. Stat. § 127A-25 and the Rules of the Mayor City and County of Honolulu, dated March 20, 2020 (“Mayor’s Rules”) promulgated under that section, each of the orders contained in this Order (“the Orders”) shall have the force and effect of law. The Orders are in accordance with and incorporate by reference all of my prior COVID-19 related emergency proclamations and Hawai‘i Governor David Y. Ige’s COVID-19 related emergency proclamations.

Violation of any of the Orders is punishable as a misdemeanor, with fines of up to $5,000, up to a year in jail, or both. Haw. Rev. Stat. § 127A-29; Mayor’s Rules.
I.  ORDERS

Order 1: All individuals currently living within the City may leave their residences to engage in Essential Activities, maintain Essential Governmental Functions, operate/visit Essential Businesses, or operate/visit/utilize Designated Businesses and Operations. All other activities, businesses, and operations are prohibited. Unless otherwise allowed under this Order, to the extent individuals are using shared or outdoor spaces, they must at all times reasonably possible maintain physical distancing of at least six (6) feet from any other person when they are outside their residence and wear face coverings consistent with Order 5 below.

Order 2: All businesses with a facility in the City, except Essential Businesses, and Designated Businesses and Operations, are required to cease all activities within such facilities, except Minimum Basic Operations. To the extent applicable and to the greatest extent feasible, Essential Businesses, and Designated Businesses and Operations, shall comply with applicable Social Distancing Requirements.

Individuals using public transit must comply with applicable Social Distancing Requirements, including the face covering requirements contained in Order 5 below.

Order 5: Face coverings.

All individuals shall wear face coverings over their noses and mouths when in public settings.

B. Children under the age of 5;

Individuals who are unable to wear a face covering due to medical conditions or disabilities where the wearing of a face covering may pose a health or safety risk to the person, or other exception, are encouraged to wear a face shield instead.

The wearing of face coverings is intended to complement, not serve as a substitute, for physical distancing and cleanliness.

fever or otherwise do not feel well; maintain a six-foot distance from one another; and not shake hands or engage in unnecessary physical contact.

III. BASIS FOR THE ORDER

This Order is issued based on evidence reported by the CDC and DOH that COVID-19 is circulating within the City, and that the age, condition, and the health of a significant portion of the population of the City places that population at risk for serious health complications, including death, from COVID-19. This Order is also based on guidance from the CDC, DOH, and the City’s medical advisory experts; scientific evidence; and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically.

Due to the outbreak of the COVID-19 virus in the general public, which is a pandemic according to the World Health Organization, there is a public health emergency throughout the City. In addition, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the virus, and because evidence shows that it is easily spread, gatherings can result in preventable transmission of the virus.

The scientific evidence shows that at this stage of the emergency, the spread of the virus may spiral out of control. It is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed, while also allowing access to basic life necessities. One proven way to slow the transmission is to limit interactions among people. This Order helps preserve critical and dwindling healthcare capacity in the City while allowing essential and relatively safe business and community activities and functions to continue.

This Order is also issued in light of the fact that as of December 22, 2020, the City has averaged 108 new COVID-19 cases per day (which includes prisoner COVID-19 positive cases in State prisons) over the last seven (7) days with a 3.7% positivity rate of COVID-19 tests performed over the same time period. Since the beginning of the pandemic, the City has had 17,209 COVID-19 cases, including 1,336 COVID-19 cases in the past 14 days, 1,244 COVID-19 related hospitalizations, and 218 COVID-19 related deaths; and the City must continue its recovery from the recent resurgence of COVID-19 and the resulting Second Stay at Home Order.

IV. INTENT

The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while also enabling essential services and designated businesses and operations to operate with modifications to re-establish continuity of social and commercial life. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities within the City, they shall comply with applicable Social Distancing Requirements. Specifically, the intent is to ensure that people generally maintain six (6) feet of physical distance from others, and wear face
coverings when interacting with each other (especially when indoors). All provisions of this Order should be interpreted to effectuate this intent.

V.  GENERAL

A.  Superseding Order. Emergency Order Nos. 2020-01 through 2020-30 issued by the Office of the Mayor City and County of Honolulu (related to the COVID-19 pandemic) are hereby rescinded — to the extent they have not been already — and are superseded by this Order.

B.  Duration. This Order shall take effect upon execution and will continue through February 14, 2021 unless movement to another tier is required earlier by Honolulu’s COVID-19 Reopening Framework with an order effecting that movement or, until it is extended, rescinded, superseded, or amended by a subsequent order, or as otherwise provided under Haw. Rev. Stat. ch. 127A.

C.  Enforcement. All law enforcement of the State of Hawai‘i and City shall ensure compliance with and enforce these Orders in accordance with Haw. Rev. Stat. § 127A-29 and Mayor’s Rules.

D.  Promulgation/posting. This Order shall be posted on the City website as soon as practicable in one or more appropriate places, and shall remain posted while in effect.

E.  Severability. If any provision of the Orders or their application to any person or circumstance is held to be invalid, the remainder of the Orders, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect. To this end, the provisions of the Orders are severable.
