I. Statewide Coordination

For the purposes of this COVID-19 emergency only, I hereby invoke section 127A-13(a)(5), Hawaii Revised Statutes (HRS), as it is my opinion that it is necessary to coordinate emergency management functions. Accordingly, I direct all counties to obtain my approval, or the approval of the Director of Hawaii Emergency Management Agency (HIEMA), prior to issuing any emergency order, rule, or proclamation. I further suspend sections 127A-14(b) and 127A-25, HRS, to the limited extent necessary to ensure statewide coordination.

This Twenty-First Proclamation (Proclamation) does not apply to the United States government.

II. Invocation of Laws

The following emergency provisions are expressly invoked, if not already in effect upon declaration of an emergency on March 4, 2020:

Sections 127A-12(a)(5), 127A-13(a)(6), and 127A-13(a)(7), HRS, directing the Director of HIEMA and the administrators of each county emergency management agency to take appropriate actions to direct or control, as may be necessary for emergency management.

Section 127A-12(b)(13), HRS, requiring each public utility, or any person owning, controlling, or operating a critical infrastructure, to protect and safeguard its or the person's property, or to provide for the protection and safeguarding thereof, and provide for the protection and safeguarding of all critical infrastructure and key resources; provided that without prejudice to the generality of the foregoing two clauses, the protecting or safeguarding may include the regulation or prohibition of public entry thereon, or the permission of the entry upon terms and conditions as I may prescribe.

Section 127A-12(b)(16), HRS, directing all state agencies and officers to cooperate with and extend their services, materials, and facilities as may be required to assist in emergency response efforts.

Section 127A-13(a)(8), HRS, preventing the hoarding, waste, or destruction of materials, supplies, commodities, accommodations, facilities, and services to effectuate equitable distribution thereof, or to establish priorities therein; to investigate; and notwithstanding any other law to the contrary, to

regulate or prohibit, by means of licensing, rationing, or otherwise, the storage, transportation, use, possession, maintenance, furnishing, sale, or distribution thereof, and any business or any transaction related thereto.

Section 127A-16, HRS, activating the Major Disaster Fund.

Section 127A-30, HRS, inasmuch as such section automatically went into effect upon declaration of an emergency on March 4, 2020.

Rules Relating to Immunities for Health Care Practices, as set forth in Exhibit A attached hereto.

III. Act with Care

A. Work in Businesses or Operations

Pursuant to sections 127A-12(a)(5), 127A-12(b)(14), 127A-13(a)(1), and 127A-13(a)(7), HRS, businesses and operations in each county may operate during this emergency as set forth in the respective county orders, rules and proclamations approved by me pursuant to Section I. Businesses include for-profit, non-profit, or educational entities, regardless of the nature of the service, the function they perform, or their corporate or entity structure.

B. Safe Practices

All persons in the State shall wear a face covering over their nose and mouth as set forth in Exhibit I, which shall be enforced by each county.

All persons shall comply with applicable safety, hygiene and physical distancing guidance from the Centers for Disease Control and Prevention (CDC) as well as with State, county, industry and regulatory practices for safety, hygiene and physical distancing, including standards and requirements adopted and issued by Hawaii Department of Health (DOH).

C. Hotels

All hotel operators in the State shall adopt a COVID-19 Health and Safety Plan for each property they operate while this Proclamation is in effect. A hotel property's COVID-19 Health and Safety Plan shall identify the measures the operator has enacted in response to the COVID-19 pandemic and what guests, customers, invitees, employees, contractors, vendors and other persons who enter the property's premises may expect in terms of service, accommodations and required safety protocols. A hotel property's COVID-19 Health and Safety

Plan shall address all applicable guidance from the CDC and it shall be the responsibility of the hotel operator of each property to accommodate guests who become positive for COVID-19 or are identified as close contacts of a person who is positive for COVID-19, either by accommodating these guests at the property or by securing alternative accommodations. All hotel operators shall publish the COVID-19 Health and Safety Plans of each property they operate, including by making it available on their websites and by submitting it to the Hawaii Tourism Authority for posting on its website.

D. Force and Effect of Law

Pursuant to section 127A-25, HRS, all provisions set forth in Section III of this Proclamation are hereby adopted as rules that shall have the force and effect of law. In the event of any inconsistency, conflict or ambiguity between this Proclamation and any county emergency order, rule, directive or proclamation, the relevant documents shall be read to allow a county maximum flexibility to exercise its respective emergency management authority.

Pursuant to section 127A-29, HRS, any person who intentionally, knowingly or recklessly engages in conduct that violates any provision set forth in Section III of this Proclamation shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both, unless noncompliance is designated as an emergency period infraction with penalties adopted as provided by section 127A-29, HRS.

IV. Travel to the State

A. Health Screening for Travelers to the State

Pursuant to section 127A-11, HRS, all persons entering the State of Hawai'i shall submit to the mandatory screening process and complete the mandatory documentation identified in the Rules Relating to COVID-19 Screening Process and Travel Self-Quarantine, attached hereto as Exhibit B and hereinafter referred to as the "Travel Rules," and must comply with all applicable State and county rules, directives, and orders related to travelers.

B. Self-Quarantine for Travelers to the State

Pursuant to section 127A-13(a)(1), HRS, all persons entering the State of

Hawai'i shall be subject to mandatory self-quarantine as provided in the Travel Rules. The period of self-quarantine shall begin from the day of entry into the State and shall last 10 days or the duration of the person's presence in the State, whichever is shorter. Persons who require paid or commercial lodging while subject to the mandatory self-quarantine shall not designate as their quarantine location a short-term rental, as defined by the applicable ordinances in each county, or as mandated by county order, rule or directive. Where a county rule, directive or order prohibits intended residents from residing in a short-term rental, as defined by the applicable county ordinances, all intended residents of that county must designate a hotel or motel as their quarantine location. The self-quarantine mandated in the Travel Rules, or any waiver or exemption therefrom, does not affect or in any way impede or supersede the authority of CDC, or DOH pursuant to sections 321-1 and 325-8, HRS, to require persons to quarantine if they test positive for COVID-19 or if they are a close contact of a person confirmed positive for COVID-19, regardless of whether a negative test result was subsequently obtained.

1. Self-Quarantine Exemptions

Persons entering the State to perform critical infrastructure functions as identified in Section III.A of this Proclamation shall be subject to self-quarantine but may obtain a limited exemption to break self-quarantine when performing their critical infrastructure functions. Persons seeking such an exemption should visit travelexemption.hawaii.gov. If granted an exemption, persons shall comply with all conditions and requirements set forth in the limited exemption, including any required testing protocols, and be subject to all quarantine restrictions when not performing their critical infrastructure work or engaging in the activity expressly exempted. Only persons who have an exemption from the State may temporarily break self-quarantine and only for the purposes identified in the written exemption. Persons who fail to follow the Safe Practices in Section III.B of this Proclamation or any conditions of their limited exemption shall render such exemption void.

Persons who previously tested positive for COVID-19 but are no longer at risk of infecting others also may obtain an exemption allowing them to break

quarantine. The conditions under which a person qualifies for this exemption shall be set forth by DOH, whose guidance on this type of exemption is subject to change. Persons who qualify for this exemption also shall be exempt from any intercounty quarantine for 10 days following their arrival in the State.

A travel self-quarantine exemption from the State does not require businesses or operations to recognize the exemption. In addition, such an exemption does not affect or in any way impede or supersede the authority of DOH to require persons to quarantine pursuant to sections 321-1 and 325-8, HRS.

2. Self-Quarantine Exceptions

The following persons entering the State shall not be subject to self-quarantine: (1) persons who enter by recreational boats into the State's small boat (non-commercial) harbors which have been at sea for at least 10 consecutive days before entering State waters and have no persons on board who are ill or are exhibiting symptoms of COVID-19; (2) persons who, prior to departure to the State, comply with **all** the requirements of the State's Safe Travels program regarding obtaining a negative test result from an approved provider within 72 hours from the final leg of departure and otherwise comply fully with the Travel Rules; or (3) upon the establishment of an exception by the Director of HIEMA, persons who, prior to departure to the State, comply with **all** the requirements of the State's Safe Travels program regarding validating completion of a vaccination regimen approved by DOH, provide consent and authorization to access vaccination information as set forth in the Safe Travels program and otherwise comply fully with the Travel Rules. Persons under the age of five accompanied by a traveler who meets the second exception are not required to obtain a test prior to arrival. The third exception requires additional action by the Director of HIEMA. Details regarding this vaccination exception will be posted at <https://hawaiiicovid19.com/>. To the limited extent necessary to effectuate the third exception, and only as expressly allowed by the consents and authorizations voluntarily provided as part of the Safe Travels program by persons wishing to apply for this third exception, DOH and providers of

vaccinations may use and disclose protected health information as expressly allowed by the State's Safe Travels program.

A county may require travelers five years and older to obtain a subsequent test after arrival into the State, which test shall be paid for and administered by the county at a county-designated site. Persons who arrive into a county that requires a subsequent test do not need to self-quarantine prior to obtaining the subsequent test. A county requiring travelers to obtain this subsequent test shall integrate the test protocol into the State's Safe Travels program and implement it through county emergency orders, rules or proclamations approved in accordance with Section I of this Proclamation.

C. Host Responsibility

All hosts of any guest(s) within the State of Hawai'i shall be responsible for ensuring their guest(s) abide by the mandatory self-quarantine set forth in Sections IV.A and B above. A commercial lodging that implements single-use room keys to ensure compliance with the mandatory self-quarantine shall not be liable under this paragraph but shall promptly notify law enforcement if it determines a guest(s) has violated self-quarantine.

Any host violates this section if the host intentionally, knowingly, or recklessly fails to notify law enforcement immediately: when a guest(s) subject to the self-quarantine fails to remain within the confines of their designated quarantine location or when a guest(s) subject to self-quarantine obtains subsequent lodging with the host after leaving the confines of their designated quarantine location during their period of self-quarantine.

It shall be the duty of all hosts to ascertain the period of self-quarantine for their guest(s) and to determine whether or not their guest(s) remain confined to their designated quarantine location throughout the period of self-quarantine. It shall not be a defense to a violation of this section that the host did not know the period of self-quarantine for their guest(s), that they did not know their guest(s) were subject to the mandatory self-quarantine, or that they did not know their guest(s) had failed to remain within the confines of the designated quarantine location.

For purposes of this section, the following definitions apply:

“Designated quarantine location” means any hotel, motel, house, townhouse, condominium, or apartment in the State of Hawai‘i, that is or will be occupied, with the permission of the owner, renter, lessor, or manager of the accommodations, by persons entering the State of Hawai‘i during their period of quarantine. In the case of hotels, motels, townhouses, condominiums, and apartments, “designated quarantine location” refers to the person’s individual room or unit.

“Hosts” means any individual, partnership, corporation, company, association, or any other person, group, or entity, who is the owner, renter, or lessor of any designated quarantine location or who provides lodging to a person subject to the mandatory self-quarantine.

“Guest or guest(s)” means any person or persons subject to mandatory self-quarantine who are renting, leasing, or otherwise occupying any designated quarantine location from a host during the period of self-quarantine.

“Period of self-quarantine” means the period of time that begins the day a person enters the State of Hawai‘i and lasts the number of days set forth in Section IV.B or the duration of the person’s presence in the State, whichever is shorter.

D. Prohibition on Renting Vehicles

Unless an exemption is granted, persons subject to self-quarantine pursuant to Section IV of this Proclamation are prohibited from renting motor vehicles in the State, whether through a rental car company, online service, or through a peer-to-peer platform or car sharing service including but not limited to Turo and Zipcar. Any reservations or confirmation of reservations by a person subject to self-quarantine shall be presumed to be the rental of a motor vehicle in violation of this order.

For purposes of this section:

“Period of self-quarantine” is as set forth above in Section IV.C.

“Motor vehicle” means an automobile, motorcycle, moped, or other vehicle propelled by a motor, whether gasoline, electric, or hybrid, which is offered for rent or lease within the State of Hawai‘i through any car sharing service.

E. Car Sharing Services Responsibility

All persons who provide motor vehicles through peer-to-peer platforms or car sharing services, including but not limited to Turo and Zipcar (hereinafter collectively referred to as “car sharing services”), shall be responsible for ensuring that they do not rent, lease, or otherwise provide any motor vehicle to any person subject to a self-quarantine, whether a visitor or returning resident, during the person’s period of self-quarantine.

Any person violates this section if the person intentionally, knowingly, or recklessly provides a motor vehicle through a car sharing service to a person subject to the self-quarantine.

It shall be the duty of all persons providing a motor vehicle through a car sharing service to determine whether or not the person is seeking to obtain the vehicle during the person’s period of self-quarantine. It shall not be a defense to a violation of this section that a person providing a motor vehicle through a car sharing service did not know the person seeking the motor vehicle was not subject to the mandatory self-quarantine.

For purposes of this section:

“Period of self-quarantine” is as set forth above in Section IV.C.

“Motor vehicle” is as set forth above in Section IV.D.

F. Enhanced Movement Quarantine

A county may establish an Enhanced Movement Quarantine (EMQ) program through agreements with resort or hotel facilities. Travelers who enter the State as part of an EMQ program must comply with all State, county and industry safety and health standards applicable to such program and complete all mandatory documentation. The EMQ program shall be implemented through county emergency orders, rules or proclamation and subject to the approval requirements of Section I of this Proclamation. A county EMQ program shall:

1. Restrict participating travelers to clearly defined geographical areas and ensure limited contact with those not subject to self-quarantine. The geographical areas may include adjacent shoreline areas where beach access is permitted by applicable state and county authorities, provided that members of the public are given notice of the EMQ and are not prohibited from accessing the shoreline area;

2. Include safety, monitoring and enforcement measures consistent with industry standards;

3. Provide capacity for isolating any positive or suspected COVID-19 cases and provide necessary wraparound services for such persons;

4. Require participating travelers to sign waivers confirming they have voluntarily elected to participate in the EMQ; voluntarily agreed to electronic monitoring and other requirements; and voluntarily waived express privacy protections, including to health information, as necessary to accomplish the public health purpose of this Proclamation;

5. Require participating travelers to bear all costs related to their participation in the EMQ, including monitoring, isolation, care, lodging and other expenses.

6. Notwithstanding the limitation on short-term rentals serving as quarantine locations set forth in Section IV.B, counties may enter into an EMQ agreement with an operator of short-term rentals provided it meets the same resort and hotel operational and safety standards set forth herein.

G. Force and Effect of Law

Pursuant to section 127A-25, HRS, all provisions set forth in Section IV of this Proclamation and the Travel Rules are hereby adopted as rules and shall have the force and effect of law.

Pursuant to section 127A-29, HRS, any person who intentionally, knowingly, or recklessly engages in conduct that violates Section IV of this Proclamation or the Travel Rules shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both, unless noncompliance is designated as an emergency period infraction with penalties adopted as provided by section 127A-29, HRS.

V. Quarantine for Travel Between Counties*

SECTION V. EXPIRES IN ITS ENTIRETY AT 11:59PM ON JUNE 14, 2021.

Pursuant to section 127A-13(a)(1), HRS, and section 127A-12(b)(19), HRS, all persons traveling from within the State to the counties of Kaua'i, Hawai'i, Maui and Kalawao shall be subject to mandatory self-quarantine and shall

truthfully, accurately and fully complete a Mandatory State of Hawaii Travel and Health Form, as set forth in the Travel Rules. The period of self-quarantine shall begin from the day of entry into the county and shall last 10 days or the duration of the person's presence in the county, whichever is shorter. All travelers must comply with all applicable State and county rules, directives, and orders related to travelers, including those mandating the verification of data upon arrival at the airport and the completion of any and all documents. All provisions of Section IV.C-E and G of the Proclamation apply with full force and effect to this Section. The self-quarantine mandated by this section, or any waiver, or exemption or exception therefrom, does not affect or in any way impede or supersede the authority of CDC, or DOH pursuant to sections 321-1 and 325-8, HRS, to require persons to quarantine if they test positive for COVID-19 or if they are a close contact of a person confirmed positive for COVID-19, regardless of whether a negative test result was subsequently obtained.

A. Self-Quarantine Exemptions

Persons traveling from within the State to the counties of Kaua'i, Hawai'i, Maui and Kalawao to perform critical infrastructure functions as identified in Section III.A of the Proclamation shall be subject to self-quarantine but may obtain a limited exemption allowing them to break quarantine only when performing their critical infrastructure functions. If such an exemption is granted to any traveler, such person shall comply with any testing requirements set forth in the exemption and shall be subject to all quarantine restrictions when not performing their critical infrastructure work or engaging in the activity expressly exempted.

As set forth in Section IV.B.1, persons who previously tested positive for COVID-19 but are no longer at risk of infecting others also may obtain an exemption allowing them to break quarantine. The conditions under which a person qualifies for this exemption shall be as set forth by the Department of Health, whose guidance on this type of exemption may change.

Persons seeking an exemption from the self-quarantine mandated by this section must contact the appropriate county for review and approval. The Director of HIEMA also may grant exemptions from the self-quarantine mandated

by this section. Any such exemption does not affect or in any way impede or supersede the authority of DOH to require persons to quarantine pursuant to sections 321-1 and 325-8, HRS.

B. Self-Quarantine Exceptions

A county may adopt a negative test exception to the self-quarantine mandated by this section, which exception shall be integrated into the State's Safe Travels program and implemented through county emergency orders, rules or proclamations approved in accordance with Section I of this Proclamation.

The Director of HIEMA also may grant exceptions to this mandated self-quarantine, including the exception I authorized in the Twentieth Proclamation Related to the COVID-19 Emergency Quarantine for Travel Between Counties, signed on May 7, 2021, and which provisions and authorizations are incorporated in their entirety herein. Specifically, persons who, prior to departure, complete a DOH-approved vaccine regimen in the State of Hawaii and provide validation as well as consent and authorization to access vaccination information as set forth in the State's Safe Travels program and in accordance with the Travel Rules, may avoid the self-quarantine mandated by this section. To the limited extent necessary to effectuate this vaccination exception, and only as expressly allowed by the consents and authorizations voluntarily provided as part of the Safe Travels program by persons wishing to apply for this vaccination exception, DOH and providers of vaccinations may use and disclose protected health information as expressly allowed in the State's Safe Travels program.

C. Force and Effect of Law

Pursuant to section 127A-29, HRS, any person who intentionally, knowingly or recklessly engages in conduct that violates Section V of this Proclamation, the Travel Rules or any applicable State or county rule, directive or order related to travelers, including the truthful, accurate and full completion of any document required by the State or any county, shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both.

Consider adding spacing between booths, shampoo sinks, divider shields, sneeze shields, and/or alternative work schedules to accomplish this.  - (3) Before and after each client, require staff to wash hands with soap and water for at least 20 seconds; properly clean and disinfect all workstations, shampoo, manicure and pedicure bowls, implements, and tools; ensure single use and porous items, such as disposable capes or cardboard nail files, are new; and follow manufacturer's requirements for product use, formulations, and/or disposal.  - (4) Employees should frequently wash their hands after using the phones, computer, cash register or credit card machine. Wipe all surfaces between each use.
